

Detached Villa for sale in Finestrat, Finestrat

595,000 €

Reference: RS10185 Bedrooms: 3 Bathrooms: 3 Plot Size: 250m² Build Size: 482m²

Costa Blanca North, Finestrat

Exclusive villas with sea and mountain views in Finestrat, Alicante.~~This new project consists of 10 modern designer villas, set in natural surroundings, with breathtaking views of both the sea and mountains. The project is close to the Puig Campana golf course, a short distance from the towns of Finestrat and Benidorm. The villas are spread over two construction phases and offer two types of homes: one- and two-storey villas. Each property features three spacious bedrooms, two or three fully equipped bathrooms, an open and bright living-dining room with integrated kitchen, a utility room, a generous terrace, a garden, a private swimming pool, outdoor parking, 1 or 2 multi-purpose cellars, and in some models a closed underground garage.~~The villas are in a privileged location on the Costa Blanca, at the foot of the mountains, surrounded by nature, offering panoramic views of the sea and the surrounding area. Thanks to excellent road links, the villas are only 10 minutes away from shopping centres, the A7 motorway, beaches and the popular towns of Benidorm and Villajoyosa. The city of Alicante and the international airport are just a 30-minute drive away, making the location very accessible.~~These villas are built with the highest quality standards and the latest construction technologies. Some of the features include glass balustrades that do not interfere with the view, premium porcelain stone floors, security doors, thermally broken aluminium frames with double glazing, and a modern heating system supported by solar panels. The kitchen is fully equipped with a minimalist design and a kitchen island, and the property has air conditioning, high-quality electrical installation, and a private swimming pool with lighting and a sun terrace of artificial grass or tiled. The multi-purpose basements are fully customisable, with a garage for vehicles and prepared for electric charging stations.~~The first homes are expected to be delivered in the second quarter of 2026. Don't miss this unique opportunity to live in an exclusive area on the Costa Blanca.
