## Costa Blanca North, Javea

In one of the most beautiful places on the Costa Blanca, in Jávea, a well-known Dutch construction company with a branch in Spain is building a villa with 420 m<sup>2</sup> of living space. The three-storey villa will be built on a plot of 1,605 m<sup>2</sup> and has 4 bedrooms, 5 bathrooms, a double garage, a private pool and a terrace of more than 125 m<sup>2</sup>. From the terrace you can enjoy stunning views over the Mediterranean Sea. The exterior of the house will be finished, and for the interior the buyer can decide on the finishes. The option to make an additional (5th) bedroom, make a larger terrace (both possible on ground floor and first floor) or a larger garage are some of the possibilities. It will take between 6 and 12 months to finish the property once the buyer has made the reservation.
