Costa Blanca North, Javea

Are you looking for an apartment in the Jávea port but know that parking there can become an impossible mission? Then this property will interest you.

Located in one of the most sought-after areas of Jávea, the Port, where there is life all year round, restaurants, shops, and the sea just a few steps away, this apartment offers something that very few properties in this area provide: a spacious underground parking space located just 15 meters from the home. A true luxury in this area where finding parking is becoming increasingly difficult.

The property is situated on a third floor with elevator and enjoys open views of the mountains and pleasant sea views, providing a sense of spaciousness and tranquility hard to find in the center of the port.

The apartment also stands out for its great brightness thanks to its good orientation and for its spacious interior areas, offering a perfect base for both year-round living and enjoying vacations by the Mediterranean.

It has PVC windows with double glazing, which enhance the thermal and acoustic comfort of the home.

A property that combines an increasingly rare combination in the Port of Jávea:

Prime location + spaciousness + views + parking space.

If you have been waiting for an opportunity in this area, this may be the one you have been looking for.
